Dear Terry:

On behalf of the AIDS Support Group of Cape Cod, Bayside Betsy's and the Harbor to the Bay committee I'd like to thank you and your staff for the generous hospitality for the 8th Annual Harbor to the Bay Bike Ride on September 25th. It is such an important benefit to raise awareness and funds for the ASGCC, Fenway Community Health, Community Research Initiative and the AIDS Action Committee as we continue to address HIV and AIDS case management, advocacy, education and research.

Because the H2B event is coordinated and executed by volunteers 100% of the funds that are raised are distributed to the agencies--because of this transparency it is particularly special to me. 360 people undertook a personal challenge and a one-day 125 bike ride, the Boatslip is so spectacularly sited, it is a beautiful way to finish the day. We appreciate the use of the facilities and are delighted that this tradition continues. Our riders are especially grateful to have a healthy meal and a chance to celebrate which we can provide because of your generosity.

Our riders commented that it was the best ride to date, and the best welcome--certainly due to the seamlessness of everyone's participation. Thank you for being a part of our team and for making a difference to our riders, and to all the clients that our agencies serve. I enclose a rider t-shirt that acknowledges your participation, sent with best wishes.

Sincerely,

Kim & Steve
